## **Fire Prevention and Precautions – Policy Statement**

### **Statement of Intent**

The MAT will, so far as possible, conduct its undertakings in such a manner as to prevent fire in MAT owned and controlled premises and anywhere where employees of the MAT work. For those premises rented or sub-let, the fire safety responsibilities will be defined in the lease agreement.

### **Requirements**

The MAT will provide suitable and sufficient procedures and equipment to minimise the risk to life or injury should a fire occur on its premises.

### **Risk Assessment**

The MAT will undertake fire risk assessments for all of its owned, rented and leased properties. These risk assessments will be reviewed regularly and in any case of change of use or significant alteration to the fabric of the premises.

Where employees occupy premises under the control of a third party, the MAT will ensure that the findings of the relevant risk assessment by the third party are passed on to its employees. All efforts for the effective cooperation and coordination of fire safety controls for all multi occupancy premises will be undertaken.

### **Fire Prevention**

Premises owned or controlled by the MAT will be periodically inspected for fire hazards by officers nominated for this duty. Any fire hazards identified will be notified to the responsible person and appropriate action will be taken by senior managers within the premises.

Where premises are shared between the MAT and a third party the MAT will put in place appropriate systems to ensure that there is sufficient cooperation and coordination of fire safety procedures.

### **Evacuation Procedures**

The MAT (through Senior Leaders/Local Governors in each school) will develop evacuation procedures for all its premises which will be periodically tested for efficiency. The frequency of these tests shall be determined by risk assessment but shall be at intervals no greater than those detailed in the procedure notes associated with this Policy Statement.

### **Fire Fighting Equipment**

The MAT will provide, or require to be provided, suitable and sufficient fire-fighting equipment for use by employees. A number of employees within each premises (normally fire wardens) will be trained in the use of fire extinguishers.

Fire-fighting equipment will be maintained under contract for the duration of the life of the equipment

## **Alarm Systems**

The MAT will provide, or require to be provided, suitable systems to notify all occupants of premises owned, rented, leased or shared by the MAT of the need to evacuate the building

The MAT will ensure that all alarm systems are routinely checked in accordance with the procedures associated with this Policy Statement.

## **Information**

The MAT will ensure that information regarding this policy and associated procedures will be circulated to all employees at induction.

Posters, signs and other relevant materials will be issued as appropriate and displayed on notice boards and/or at fire alarm call points, fire-fighting equipment and primary means of escape.

## **Responsible Persons**

The MAT will nominate persons to carry out various duties in relation to the implementation of this Policy. These duties are detailed in the procedures associated with this Policy Statement.

Under the Regulatory Reform Fire Safety Order, the Responsible Person is the employer, the person in control of the premises in connection with the carrying on of a trade, business or other undertaking (for profit or not), the owner and/or any other person who to any extent exercises control over the place.

Where premises have multi occupancy, then there will be more than one responsible person. The responsible person(s) may pass duties to other persons such as fire and site wardens (but the legal responsibilities remain with the responsible person).

## **Training**

The MAT will provide information, instruction and such training as appropriate for employees and others affected by the requirements of this Policy.

Where premises are not owned by the MAT but are frequently visited by its employees suitable instruction and training will be given to those employees regarding fire safety.

Responsible Persons shall receive training to enable them to carry out their duties.

## **Responsibilities**

### **Managers have a responsibility to:**

- Ensure that the requirements of this policy are fulfilled.
- Provide access to suitable training for employees.
- Act on the recommendations provided by the nominated responsible persons

### **Nominated/Competent Persons have a responsibility to:**

- Attend training as required
- Carry out their duties as identified in the procedures associated with this Policy Statement
- Report any issues they identify in the course of their duties to the appropriate manager.

**Employees have a responsibility to:**

- Co-operate with the responsible person during emergency evacuations.
- Make themselves aware of the MAT's escape procedures and to follow the instructions in that procedure.
- Raise fire safety concerns with their line managers.

**Monitoring**

These requirements of this Policy will be monitored by way of a risk-prioritised process of auditing, regular inspections periodic self-audits

The training and responsibilities of individuals will be monitored by the MAT through its management and appraisal processes.

Where necessary the MAT will take appropriate action to ensure that this policy is upheld.
